

Behind the Project

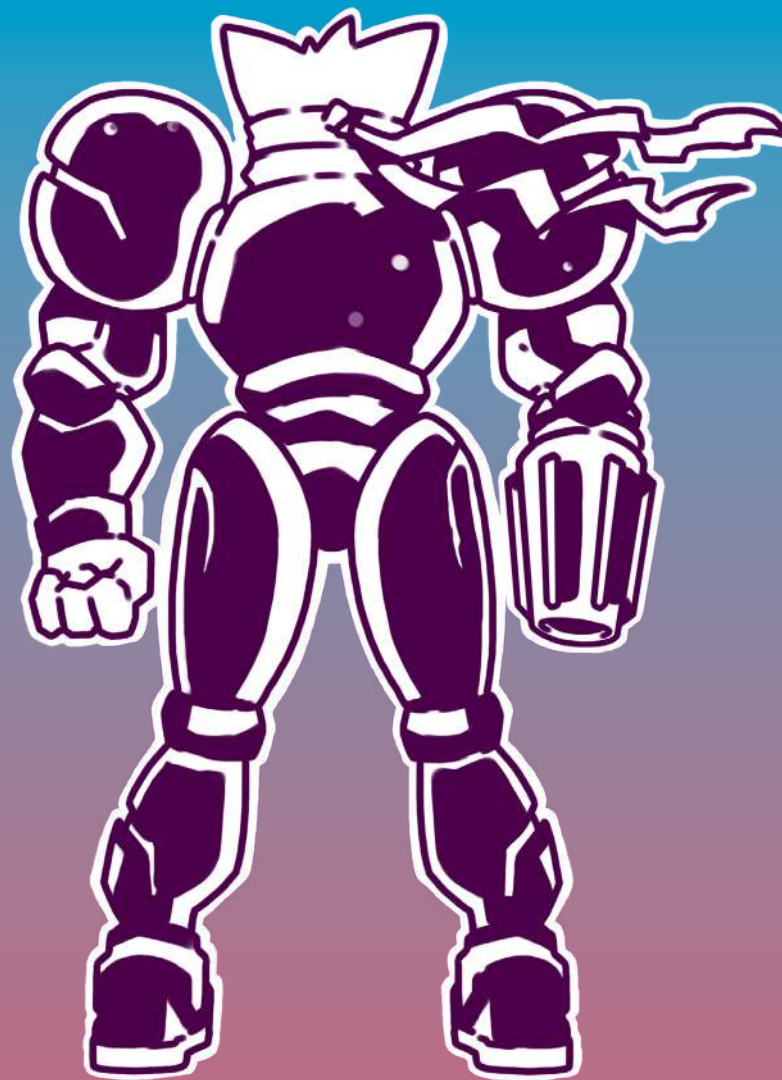

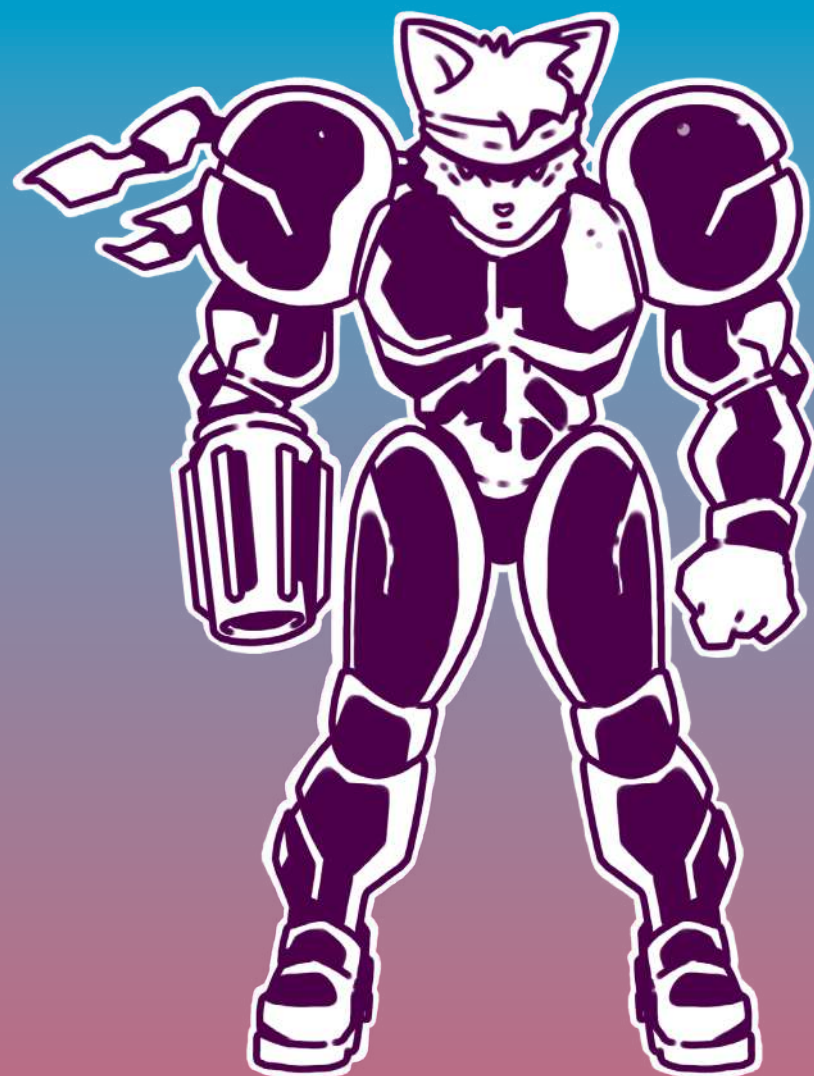

“Metal Shiba is faced with a final and mysterious threat.

The “Makers” are invading Dogeville, reaping its citizens faster and faster. In a race against time, he will have to commit all his strength to understand what is happening and how to stop the catastrophe.”

- ◆ Study of the protagonist METAL SHIBA. We wanted the character to be heroic, hi-tech and to be a born fighter, albeit in a meek appearance, inserting elements that refer to cinema and science fiction and action comics of the 80s.

**METAL**  
Shiba

- ◆ The instructions were to recreate an anthropomorphized canine character, with an armor for advanced combat and a cannon in the right arm.

◆ Metal Shiba token.

◆ Le Chat Tower, base of the evil bosses against which METAL SHIBA will have to fight.

Le Chat Noir, the final boss.

Carry, the first boss;

Fiz, the second boss;
